

Turn your smartphone into a satellite phone with SatSleeve+ and SatSleeve Hotspot. Use your phone anywhere in Australia + 140 other countries! Make and receive calls and SMS in satellite mode, use your favourite apps and send/receive email (App support for IOS and Android). It's your choice, SatSleeve+: easily dock any compatible smartphone to your SatSleeve, or SatSleeve Hotspot: leave your SatSleeve in one place and move around with your smartphone.

FEATURES

- +** Use your smartphone in satellite mode when you are outside mobile coverage areas
- Wi-Fi** Simple to use, simply connect your smartphone and SatSleeve via Wi-Fi through the SatSleeve Hotspot app to stay connected
- SOS** Dedicated SOS button that works even when a smartphone isn't connected
- HPA** High Penetration Alerting (HPA) capability enables you to receive calls even if the satellite antenna is retracted

WHY PIVOTEL?

- Standard local mobile numbers
- No complex dialing rules with low satellite call rates
- Callers to you pay standard call-to-mobile rates
- Dedicated customer care specialists based in US, AU, & NZ

COVERAGE

Access in over 161 countries!

Satellite Signal Tip!

In Australia, Thuraya works best when the antenna is directed North West and has a clear path to the sky with no obstruction.

WHAT'S IN THE BOX?

- Satellite Unit
- Adaptor
- Battery
- USB Data Cable
- Universal Travel Charger
- User Manual

SPECIFICATIONS

- Size: 142 (H) x 69 (W) x 38 (D) mm
- Weight: 290 g
- Battery: Rechargeable Li-ion Battery (2440 mAh)
- Standby: Up to 70 hrs | Talk-time: Up to 3 hrs
- Data Speed: Up to 60 kbps down | Up to 15 kbps up

Reception limitations and some exclusion zones apply. A clear view of the sky is required for operation in satellite mode.

Satellite phone accessories available for the Thuraya SatSleeve! Accessories sold separately.

UNIVERSAL SMARTPHONE ADAPTOR

Use the universal smartphone adaptor to attach any smartphone between 58 and 85mm in width to the SatSleeve+

HOTSPOT STAND

Want to convert your SatSleeve+ into a satellite hotspot? Just use the Hotspot stand accessory and you're ready to use your smartphone separated from your satellite unit!

EXTERNAL ANTENNA

The external antenna provides improved satellite signal reception when used on the move or stationary, e.g. in caravans, vehicles or boats.

WINDSCREEN MOUNT

Standard windscreen RAM mount for the Thuraya SatSleeve (composite mount with suction cup base).

TRAVEL CHARGER

Charge your handset using a compact device that links to a mains socket.

CAR CHARGER

Charge your handset using standard 12V-25V car cigarette lighter socket.

SPARE BATTERY

Keeping a spare battery on hand ensures that your Thuraya SatSleeve is always ready for use. The charging time of a fully discharged Thuraya SatSleeve battery is approximately 2 hours 30 minutes.

SOLAR PANEL

Solar panel kits to ensure your satellite phone is always charged no matter your location!
